

CORONAVIRUS (COVID-19)

!!! URGENT NOTICE !!!

Because the health of our clients and staff are of utmost importance to us, we at Stubbs Insurance Associates, Inc. have been taking extra steps to ensure that our office is properly cleaned and disinfected on a regular basis. We are disinfecting all surfaces and areas that clients may come in contact, including (but not limited to) door handles, desk surfaces and bathroom fixtures.

To help slow the spread of the virus, we are asking that you please limit visiting our office where possible. As an added precaution, if you have recently been or currently are ill with a fever, cough or other respiratory issues, we are asking you to please refrain from visiting our office all together. We will ensure that our staff does the same.

If the situation should arise that we need to temporarily close the office, we are working on a solution for our staff to work remotely from home so that we can continue to deliver the same level of service you expect and deserve.

To assist you further, below is a list of contact information for several of the insurance companies we represent where you can make payments, file claims, request ID cards and make policy changes. Again, you're always welcome to call our office, but we want to simply provide you with additional options to service your policies.
